## Campaign Countdown

We are in the final stretch of the campaign!

This has been a tremendously successful campaign with substantial increases in the number of leaders and friend donors but also in the number of events that have taken place all over campus. We have really done our part in helping to create a cross campus community atmosphere that has attracted the attention of senior representatives on campus. Most importantly, this success and sense of community could not be made possible without all the hard work and dedication of each and every one of

Together we have helped children be all they can be, moved people from poverty to possibility and focused on healthy people, strong communities.

The goal  
is within  
reach!

While the campaign is not done yet, we would like to recognize your hard work over the month of October. We are currently at 79.5% of the way to our goal with little doubt that we won't make it. However, one last announcement in your department that our **final draw is Wednesday October 31<sup>st</sup> for 5 people to win lunch with Feridun Hamdullahpur** would help!
