

Robert Cuthbertson, CPA, CA, is a Senior Fellow of Rutgers University Continuous Auditing and Reporting (CAR) Lab, and a member of the board of University of Waterloo Centre for Information Systems Assurance and Integrity (UWCISA).

He was formerly the Chief Operating Officer of CaseWare Analytics, representing the products and services of CaseWare IDEA Inc. and CaseWare RCM Inc. From the time Robert joined as a founding employee at CaseWare Analytics, the company built regional sales centers in the Netherlands, China, and Latin America, and grew a customer base of close to quarter million users in 90 countries with products in 16 languages.

Prior to joining CaseWare, he was Vice President, Professional Services at the predecessor organization of CPA Canada and has served on IIA's Academic Relations Committee and the XBRL International Steering Committee.
