dept: Planning

status: Undergraduate

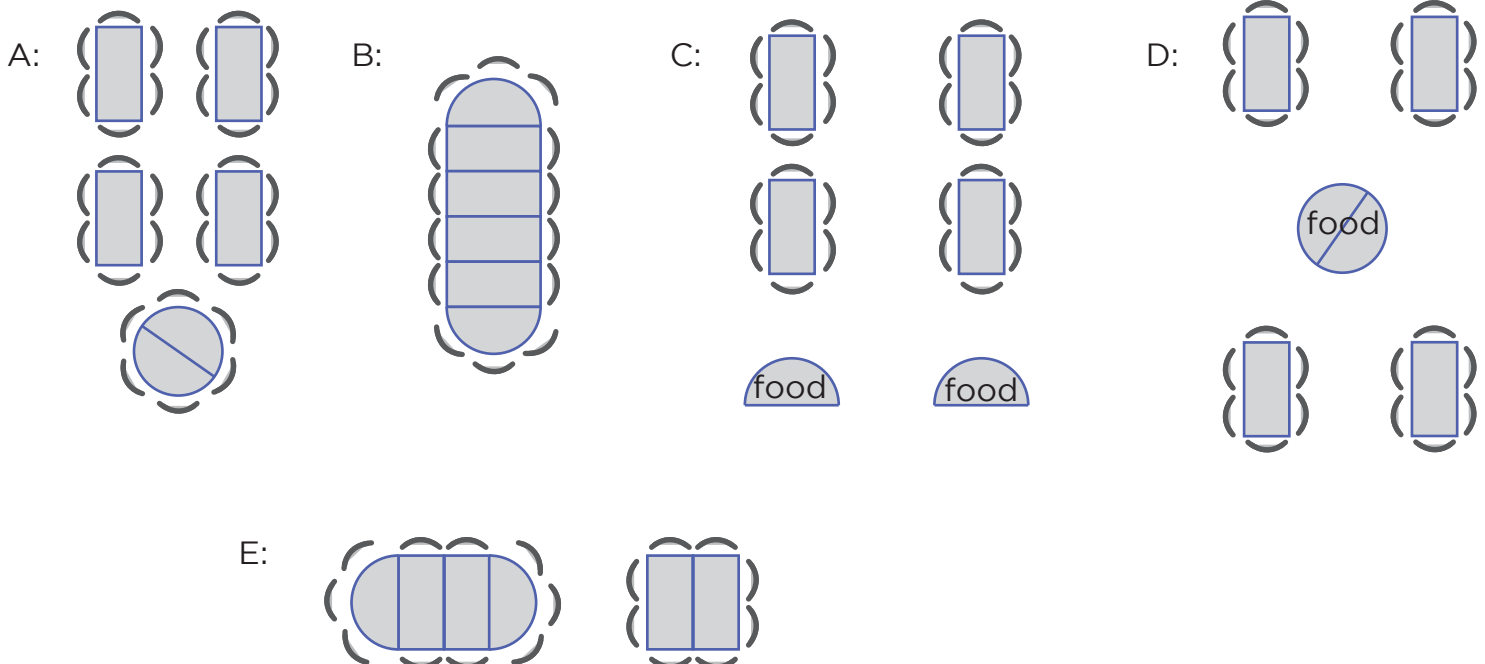

Associated Benefits:

The EV1 courtyard currently serves as a meeting area for undergrad, grad, and staff members in the faculty. It also serves as a host for faculty-related events from time to time, however it is still greatly underutilized. It contains seating that is not only outdated, but is also not functional or practical to be utilized by faculty for anything more than a casual meeting area. It is not well equipped to handle events that require audio/visual aids - without such equipment being temporarily provided. Currently, the courtyard is able to seat 55 people, however it is rare to find more than 10 students using the area at any given time.

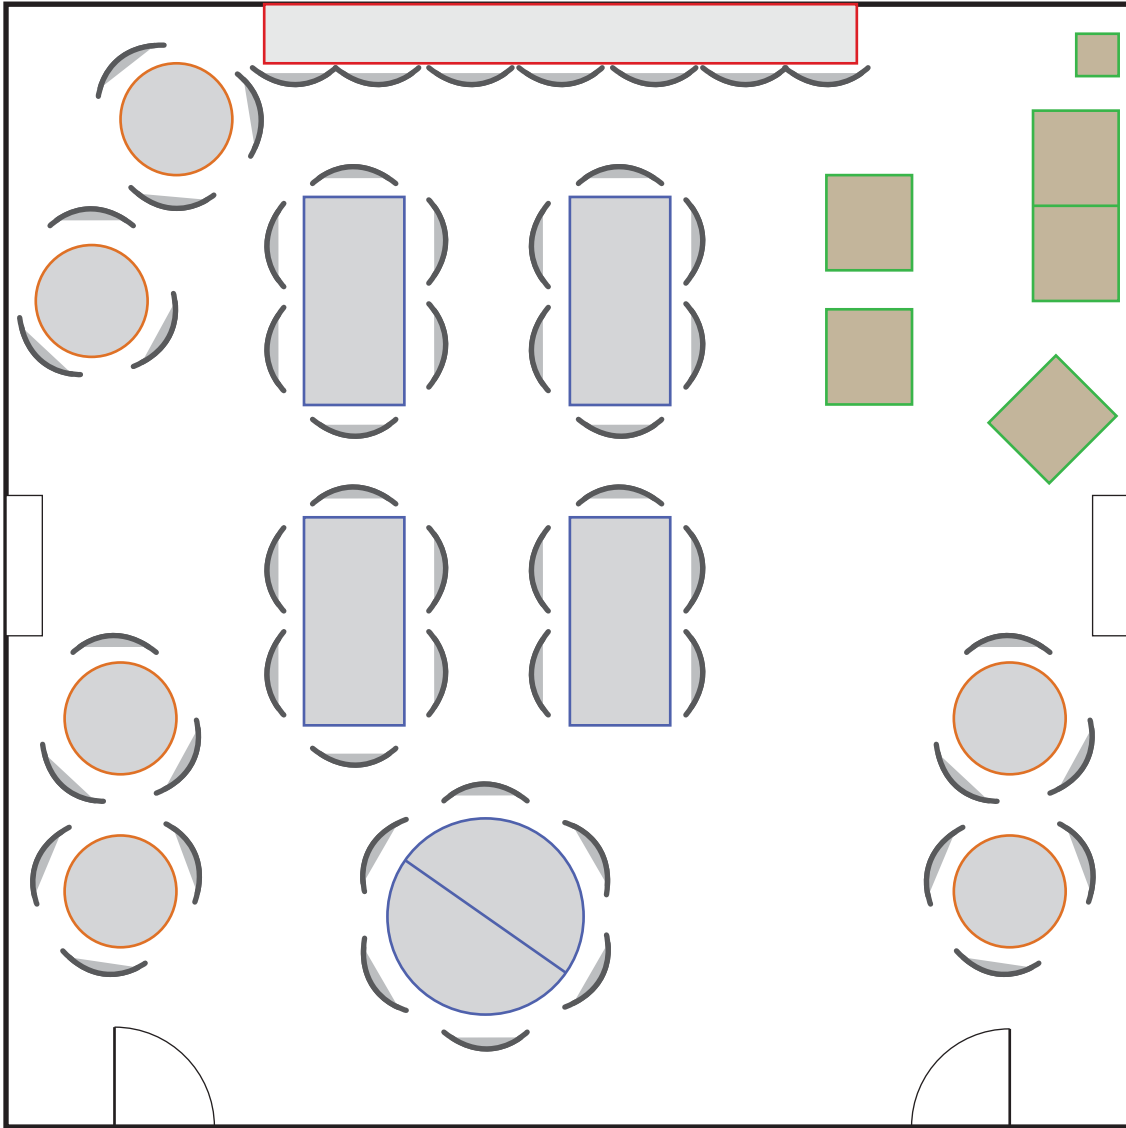

The courtyard has potential to be a dynamic and exciting public space for the faculty, and campus at large. We are proposing two major changes to help revitalize the space, and reclaim it as one of the best common areas around campus. These changes include: upgrading existing furniture to a more versatile and functional set-up, and installing a permanent audio/visual system to be used for various events.

The courtyard is currently comprised of round tables, a few long tables, and chairs. They are less than ideal for students to use for anything past individual study spaces. That is why we have carefully selected a variety of furniture types to provide the courtyard with many different uses, and promote functionality among all staff and students alike. We have strategically chosen furniture that allows for: individual study space, collaborative meeting space, casual socializing, and event hosting. As shown on page 2, the space would:

- Be able to comfortably host up to 55 people
- Contain six 36" round study tables
- House a 12' long table on the east wall with power outlets to accommodate laptops
- Include a social lounge to converse with friends or relax in
- Feature a 'dynamic table setup' in the centre (shown below)

35'

35'

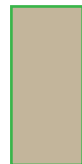

Single Round Table

Single Lounge Chair

Table (60" X 30")

Double Lounge Chair

Round Half table (60" X 30")

End table

Powered Table

Stacking Chairs

Every time we want to include audio /visual aid during events held in the courtyard, the appropriate equipment must be rented. This is very costly (A/V rental for March Break Open House was \$1692.74). It is obvious that installing a permanent system would quickly pay for itself, and be much more practical from a costs standpoint. We are proposing to permanently fix 4 speakers (one in each corner of the room) two 55" LCD screens along the East wall of the room, and have it all hardwired in to allow for quick 'plug and play' during various events. The screens would also be able to be hooked up to the school's network news feed in the future if desired.

Although we feel that these changes will have a very large impact to the faculty, we also understand that they are fairly substantial in terms of cost, so we have broken them down into phases that might be more manageable to implement in stages.

Cost Breakdown

We have separated the cost breakdowns into the furnishing costs, and also cost to install audio/visual systems. We have provided various alternatives for your consideration for each option.

Furniture

For the furniture in the courtyard we have decided to go with KI furniture for a number of reasons. Firstly, they are highly reputable in the institutional furnishing industry: having the best warranty, prices, selection, and initiatives such as Green Guard certification. Secondly, they have been responsible for furnishing various spaces across campus already (including the Williams café in EV3) so the courtyard would parallel an already established furniture theme. We have split the cost breakdowns into 4 options for this project. Please note the prices in grey include upholstered stacking chairs (rather than poly).

Option 1

Option 1 (and the favoured option) includes the preferred furniture, and also contains a corner lounge in the Southeast corner.

Qty	Unit	Price	
55	Stacking chairs	3850.55	
6	Round study tables	1601.28	
4	Rectangle group tables	1193.48	
2	Half round group tables	826.64	
2	6' power tables	785.62	
3	Single lounge chair	2919.00	
1	Double lounge chair	1337.63	
	Intstallation	400.00	
	Taxes	1678.85	
		14 593.05	(19 625.50)

Option 2

Option 2 also contains the preferred furniture, but omits the corner lounge in substitute for more individual study space.

Qty	Unit	Price	
61	Stacking chairs	4270.61	
8	Round study tables	2135.04	
4	Rectangle group tables	1193.48	
2	Half round group tables	826.64	
2	6' power tables	785.62	
	Installation	400.00	
	Taxes	1249.48	
		10 860.87	(16 471.39)

Option 3

Option 3 uses alternate furniture but includes the corner lounge - It is also the most expensive.

Qty	Unit	Price	
55	Stacking chairs	3850.55	
6	Round study tables	2046.00	
4	Rectangle group tables	1604.00	
2	Half round group tables	952.00	
3	Single lounge chair	2919.00	
1	Double lounge chair	1337.63	
2	6' power tables	1154.00	
	Installation	400.00	
	Taxes	1854.21	
		16 117.39	(21 176.84)

Option 4

Option 4 also uses alternate furniture but omits the corner lounge in exchange for more individual study space.

Qty	Unit	Price	
61	Stacking chairs	4270.61	
8	Round study tables	2728.00	
4	Rectangle group tables	1604.00	
2	Half round group tables	952.00	
2	6' power tables	1154.00	
	Installation	400.00	
	Taxes	1444.12	
		12 552.71	(18 164.10)

Audio/Visual

For the audio/visual component of the project, we have again decided to go with one company in order to save on installation costs. As with the furnishing aspect, we have split the cost breakdowns into 2 options for your consideration. The first would consist of two 55" LCD monitors working together. The second would utilize a single 65" LCD monitor. The cost breakdowns for both options are as follows:

Option 1

Qty	Unit	Price
2	LCD screens (55")	5690.00
1	Mixer	1220.00
1	Amplifier	1020.00
4	Speakers	1100.00
4	Mounts	500.00
2	Microphones	248.00
4	Mic stands	66.00
1	Case for Amp and Mixer	134.00
	Hardware/misc. materials for setup	2773.00
	Labour/installation	1856.00
	Taxes	1918.28
		16 674.28

Option 2

Qty	Unit	Price
1	LCD screen (65")	5705.00
1	Mixer	1220.00
1	Amplifier	1020.00
4	Speakers	1100.00
4	Mounts	500.00
2	Microphones	248.00
4	Mic stands	66.00
1	Case for Amp and Mixer	134.00
	Hardware/misc. materials for setup	927.00
	Labour/installation	1624.00
	Taxes	1630.72
		14 174.72

Timeframe

The timeframe for this project is both immediate and ongoing. Given the nature of this proposal, it may be better suited to be implemented in multiple stages. Should WESEF not be able to support both components of this proposal in the summer term, we believe funding for the A/V component could be delayed until the fall term.

Additional Information

We believe that the courtyard has potential to serve as an excellent study/social space for the student body at large. The improvements to furnishings and addition of A/V in the space will improve its functionality, versatility, and popularity with students and staff alike.

As a third year student, I have used the space from time to time myself. I love the aspect of having the large glass roof, but I feel that at times, the space is lacking character and furniture to accommodate for anything beyond individual study tables. I sincerely believe the proposed changes will be able to cater to the needs to anybody in the faculty.

Attached is a copy of the quotes for the furniture and the A/V systems for your reference.

Thanks for your consideration,

Nathan Clarke (3A Planning)

* Please note that the proposed furnishings are still pending approval by the administrative board.

1. All purchase orders must be issued to KI or KI c/o the dealer with this address:
KI
1330 Bellevue Street
Green Bay, WI 54302
2. The following items must be included on all purchase orders:
 - Sold To/Bill To Information: complete legal name, address, telephone number and fax number
 - Ship To Information: complete legal name, address, contact name, contact phone number
 - Purchase Order Number: a customer-specific identifier, typically a sequential purchase order number or requisition number
 - Issue Date: date the purchase order was issued
 - Sales Tax: applicable sales tax will be added upon KI invoicing. If tax exempt, customer must provide or have the tax exempt certificate on file at KI
 - Purchase Order Total: total of all items and services included on the purchase order
 - Authorization: signature of authorized purchasing agent or buying entity
 - Order Details: reference a fully optioned KI quote (ex: 11KGGH-85432) or include all the information listed below
 - Quantity of each item
 - Complete model number, including all finish and option information (by line item)
 - Net purchase price (by line item)
 - Extended net purchase price (all line items)
 - Any additional applicable charges (ex: installation and/or delivery charges)
 - Contract name and/or number if pricing is based on a contract reference
3. Signatures on a quote or a worksheet cannot be accepted as a purchase order.
4. In the event that you do not have a formal Purchase Order process, please contact your KI Sales Representative or call 1-800-424-2432, and we will assist you with creating a PO.

We appreciate your cooperation in providing us with all the required information listed above on your Purchase Order. Complete information helps us serve you better. Thank you for your order.

Purchase Orders that do not meet these requirements will be placed on hold until complete information is received by KI. Purchase orders on hold are not released to manufacturing or assigned a delivery date. KI order lead times begin once the order is released to manufacturing.
