Dave Hinton IST

AD Consolidation

- Update given by Dave Hinton
- 1 meeting so far
- WATIAM still needs to be upgraded wot work in a 2008 AD
- http://ist.uwaterloo.ca/projects/adconsoldation/AD-Consolidation.html
- Going to match SSID between domains
  - o Erick has written a tool
- Issue of naming conventions

W7 Experiences (Nevil)

- Profile reset pages only resets XP profiles
- Webview & sysctl does not work
- Issues with stars.scr and Audit

Default Profile (Steph)

- Cannot be copied in Windows 7
- Using registry to do so
- Hon has technique in MDT

Round Table

Arts

- Decided to buy new monitors rather than new PCs fro 2 labs
- 3 MACs have been deployed in one public lab
  - o Why? For the benefit of Fine Arts students

IST

- Tim has been working on SEP upgrades
- Has opened a case with Symantec about the slowness of upgrades

Engineering

- New lab in E5 is bar far the busiest

Environment

- Issues with MACs and N: drives
  - FQDN required for home directory
  - Trouble-shooting done in conjunction with Science

AHS

- Machine in 1st floor lab was vandalized
- Waiting on security audit and funding from Dean's office before implementing further security measures

Science

- Nothing further to report

Other

- N/A
