

## WNAG

---

February 16, 2011

### *Present*

Tim Farrell: IST (Chair)

Lowell Williamson: AHS (Secretary)

Erick Engelke: Engineering

Bernie Rutter: ENV

Nevil Bromley: Arts

Manfred Grisebach: IST

Dave Hinton: IST

Steve Nickerson, CS

Naji Alarmony, Math

### *Sysctl on Windows 7 (Nevil)*

- Daniel D. is working on it
- To send out an email on what common apps are to be pushed out during reading week

### *SPSS Licensing Issues (Nevil)*

- 100 concurrent licenses does not seem to be enough given class usage
- Nevil combed through logs to determine if numbers were correct

### *Migrating XP Profiles to Windows 7 .v2 (Nevil)*

- Discussion with regard to what other faculties have done
- Eng to look at migrating
- AHS did not
- IST is doing away with Roaming Profiles and using Folder redirection

### *Domain Consolidation Project*

- No further update at this time.

## Round Table

### **AHS**

- Issues with a certificate issued by the Ministry of Health
- Suggestion to speak to Daniel
- Started to deploy software via Security Groups as demonstrated by Manfred and Tim

### **Arts**

- Still having issues with Office 2007 constantly freezing while installing for a user
- Windows 2008 R2 Printer server was rebuilt and clients are now connecting properly to published printers
  - Logging for this had to be turned on

## **CS**

- Virtual workstations are being implemented

## **Engineering**

- Moving towards Windows 7 in the labs
- Steph Sempson to join Eng. Computing
  - Stephen Markan will be the Science rep in the interim.

## **ENV**

- Recently purchased a new data server for staff and faculty

## **IST**

- SEP servers upgraded to 11.0.6200.754
- Podium computers will need hardware updates in order to run Windows 7

## **Math**

- Have machines that will not wake up from sleep mode
- Asked about running Outlook on Terminal Servers

## **Action Items:**

Fix webpage to reflect 2011 dates

Create a KB similar to AHSCO KB for solutions
