

WNAG

Wednesday, January 21, 2015

Present

Nevil Bromley, Arts (Chair)	Hari Chotra, IST
Lowell Williamson, AHS (Secretary)	Steve Nickerson, CS
Allan Flemming, Science	Mike Patterson, IST
Will Lewis, IST	Ray White, ENG

Regrets

Ravindri Kulatunga, IST

Bernie Rutter, ENV

Outstanding List of Departmental Computing Support Reps (Eng)

- Still waiting on Eng. Computing

GPO Issues

- Still occurring in Arts
- Dave is waiting to get things cleaned up before contacting Microsoft
- Request went Daniel Delattre
 - No response

Audit Update response (current status, future plans, documentation)

- Lowell figured out what was needed
 - Will share documentation with the group

New 2012R2 Installation Progress

- Ongoing

DC Migration to private subnet

- Calypso is to be moved first
- AD seems to be slow at the moment
 - Let Dave know if there are issues

Endpoint subgroup update

- Report is pending to CTSC – February 5th due
- Concerns regarding current and future implementation

New Business

Signed LDAP requests requiring a trusted source

- Dave H. wants to require

- Students are scraping LDAP to create mailing lists
- For security purposes this is to now logged and traced if necessary
- Change request pending
- To be tested in NEXUSTEST first

Enable GPO to log successful logons

- New exploit that compromises ~ (domain admin accounts) if the account is logged in from a workstation
- Domain admins should not be logging on to workstations
 - Only approved servers
- Most large organizations run this
- Change request is pending

Laptop Management

- Increasing numbers of laptops
- Eduroam boundaries have been extended to allow joining of laptops to the domain
- Ability to help clients
- SCCM boundary to include eduroam?
- Issue regarding managing when connected wirelessly
- Many issues regarding
- SCCM
 - Eduroam - Yes
 - VPN - No
- Manfred to test Eduroam authentication w/ Matt Verliss
 - Computer
 - User
 - Both
- Mike will talk to Steve Bourque for alternatives for wired authentication 802.1x

Standing Items

AD Consolidation Update

Nothing

Unlinked GPO

Still pending issue

Round Table

IST

- Work continues on Endpoint sub-group
- Investigating laptop management
- VDI environment is public
- 400 + servers to be managed by SCCM
 - Proceeding cautiously
 -

Engineering

- Hon considering putting in a domain controller in order to enable UNIX servers/services that were hardcoded to Calypso
- Ray to post the question to WNAG email list
- Adman has not been updated
- Audit has finished, grade has been assigned

Math

- GPO cleanup
- Moving to SCCM
- Course security group population on hold until new Watiam

Arts

- SCCM implementation continuing
- Reporting of what didn't work is useful
- Improving communication
- Issues with Office 2013 deployment
 - 99% Psych SCCM compliance
- As chair: Nevil would like to see the effectiveness of WNAG improve
 - Agenda items need to be given in advance
 - Effort to make things better

ENV

- GPOs are cleaned up
- 1 2003 server to shutdown and 1 to migrate
- SCCM cleanup is ongoing
- Completely independent with SCCM

AHS

- SCCM deployment for labs in December rebuild
- SCEP deployed to 1 lab
- Issues regarding roaming profiles
 - Note from chair: Keep consistent between the faculties
 - Math requires roaming profile to login
 - Will and Jim to test in the Math
- Speed E?

Science

- Servers to be upgraded 2012R2
