--	-------

Stalled Items

Standing Items

AD Consolidation Update	Nevil
-------------------------	-------

Faculty Updates

AHS - Lowell

- No report submitted

Arts – Nevil

- New hire, Jameson Schildroth
- Dealing with a few machines that will not access \\files\students\$ but will access \\files.uwaterloo.ca\students\$

Agenda

Computer Science - Steve

- Nothing to report.

Engineering – Ray

- No report submitted

Environment – Bernie

- Preparing for Winter 2016 term lab rebuilds
- Preparing for Windows 10 and Office 2016 deployments

IST – Anton/Dave

- Nothing to report.

IST – Manfred

- Staff struggled with Microsoft Office patch that hung Word and/or Outlook, when Microsoft released the patch again with the same ID. Needed to explicitly remove old to get new one.
- Adobe Acrobat Pro: removed all versions 10 and older from all managed computers. Clients encouraged to purchase DC version.
- Mac management via Parallels new SCCM addition being investigated. Its main appeal is that it doesn't require certs be installed everywhere to work. Have staff in ENV, AHS and IST testing.
- Revising DNS settings on workstations to better match Nexus intranet model. A few changes required/desired.
- Expanding SCCM infrastructure across our 500+ Windows servers.

IST - Ravindri

- Nothing to report.

IST – Security Mike

- Nothing to report.

Math – Jim

- Nothing to report.

Science - Allan

- No report submitted

Other Business

Additional Notes

- Math (Jim) cannot attend; Nevil has volunteered to Chair
