WNAG

Meeting: 2018-01-18

Present: Jim Johnston (Chair), Bernie Rutter (Secretary), Clayton Tucker, Nevil Bromley, David Aldwinckle, Ravindri Kulatunga, Linda Zhang, Jason Testart, Anton Romantsov, Hong Zheng, Lowell Williamson, Lisa Tomalty, Ray White

Jason Testart offered to answer any questions about DUO (two-factor authentication). These are the highlights:

- To be rolled out opt-in for O365 and OWA/Connect
- IST is developing documentation
- UBI key works well if you don't want to use your personal phone
- Smartphone app for Android/IOS
- Supports SMS
- Can get a UBI key for as low as $20
- HR will eventually use two factor
- Will be announced in the next few weeks
- Once you opt in, you can't opt out
- Next steps – documentation for people that want to add DUO to their applications

Other security related updates from Jason:

- New HR system expected around Q1 2019. Jason spoke briefly about HR moving to Workday from PeopleSoft
- Google Chrome will start complaining about HTTP (vs HTTPS) in June

Other Business

There have been reported problems with managed WIFI users connecting to Eduroam – Investigation is underway

Discussion about problem in Arts lab where mobile devices would not map N: drive. – Investigation is underway

Jim: Math has seen problems with Windows 10 1709 start menu that can be fixed with a top-level permission change

Ravindri: IST is doing application testing with Windows 10 1709 until March, to be ready for April rollout

Hong: Should IST approve the 1709 upgrade on WSUS? Not at this time

Lowell - AHS used WSUS to roll out 1709. They will be moving to using a task sequence for upgrades so it can be scheduled

Jim – Windows Feature Updates are resetting settings that have previously been disabled. Will self correct if the setting is managed by a GPO

Lowell: looking for a method to remove some windows store apps in 1709

DaveA: Is working with Engineering on reverse DNS errors on CHORUS connected computers. Will provide WNAG with the event log ID to look for on Nexus connected machines

Jim: Asked how others were securely wiping SSD's and received input from other faculties and departments. SSD shredding is available on campus
