Deleting your account and data
You can delete your account and data, and get a copy of your data, at any time. Deleting your data will remove you from your team and our program.

Background Checks
Background Checks are reports of your work and legal history. In the United States all mentors are required to complete and pass a background check in order to be allowed and verified on our site.

In other countries and territories, we will randomly select mentors to provide references and legal certifications, and to submit to background checks where possible. If you are selected, we will contact you to complete the process. You must consent to this to be allowed and verified on our site.

Thank you for helping us keep our students safe.
