

Women in Mathematics presents

Do Black Holes Obey Theorems?

What is a black hole? What theorems do we know about black holes? How do 'theorems' sometimes come in strange forms in theoretical physics?

Tuesday, January 17, 2017

4:30 - 5:30 pm

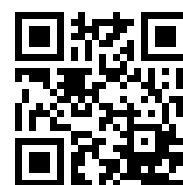

MC 5501

Everyone is welcome!

Dr. Ruth Gregory

Professor in Mathematics
and Physics

Durham University, UK
